

The 2009 Conference was a success!

What a fabulous conference! I stayed at the hotel for 3 days and took several classes a day, many styles which I had never had the opportunity to take before. The drumming in every class was amazing and the energy and intensity of each class was so inspiring. It was my first conference and it was incredible. I loved the hotel and the ability to come and go between classes was ideal. Hanging at the pool between classes was an added bonus. I hope you will have it the Washington Plaza again next year.
Magnifique!
